

Crescents Take Second Game of Series

The Crescent A. A. evened up the series with the Emeralds of Williamsport on Saturday night when they defeated the Emeralds by a score of 15-12. The game was a bumper from start to finish and the fans witnessed one of the finest exhibitions of basketball staged in the city for some time. After having lost the first game on Friday night, the Crescent team, who were practically laid down, Manager Benoit of the Crescent team, who secured the services of three stars, who proved a great help to Capt. Belair and Mills. McMillan, the famous New York star, was on the team and certainly showed "Big" Chas. Larson a few things about the game, and "Sharky" Marks and "Bill" Sullivan of the Fall River A. A. showed some fine work also.

FINANCIAL AND COMMERCIAL

SATURDAY'S MARKET.

New York, March 20.—Sharp advances in several of the motor shares attracted attention of traders during today's short but very active stock market session. The Fall River A. A. was the spectacular feature, scoring an extreme rise of 4 1/2 points at 3:30 on an enormous turnover and closing at 230, despite extensive selling for profit.

Stutz Motor was next in favor at a net gain of 15 points to 220, a new high record, and an advance of 77 points for the week. Stromberg-Carlson, controlled by Stutz interests, held the greater part of its point profit.

The balance of the list was irregular or reactionary most of the time, but improved towards the close, when steel, equipment and oil were in demand with copper and shipping. Sales amounted to \$75,000 shares.

Buying of metals resulted from reports that stocks were under way for the organization of a finance corporation to provide funds for huge exports of copper and other base metals.

A moderate reversal in foreign exchange seemed to exert little influence upon the stock market. The clearing house statement disclosed a deficit of actual exchange reserves which was ascribed to heavy transfers of cash in connection with the week's last payments.

Liberty bonds remained unsteady but the general bond market was firm on a fairly wide variety of dealings.

Old United States government bonds were unchanged on call during the week, except the 2s coupon and registered, which advanced one-half cent.

ed the fans some of the most spectacular floor work ever seen on the local floor. It took practically three minutes to get the game started, but the forward position showed some class work, also leading both teams in scoring with 12 points.

The victors showed some fine team work which won much praise from the fans. It has not been decided where the third game will be played as Manager McCarthy of the Emeralds refused to toss the coin to decide where the game was to be played. Manager Benoit announced during the game that next Saturday night will see the Fall River A. A. in Parish hall, with the famous "Mark" Brothers, Sam and Sharkey. "Pio" Harvey considered the greatest forward player in the game today, and the oldest player in the game being over 40 years of age and playing for

the past 22 years. "Billie" Sullivan and Grady will be the other stars with the Fall River team. The score:

Crescent A. A.	E. G.	F. Totals
Belair, If	3	0
Mills, If	1	12
McMillan, C	1	1
Marks, rg	3	0
Sullivan, f	1	0
	14	1 28

Emeralds.

Higgins, lf 0 0
Normandin, rf 3 0
Larson, c 2 0
Pickett, rg 3 0
Kerns, rg 1 0

Time—20-minute halves. Referee—White. Timers—Sullivan and McCarthy.

In the preliminary the Bears defeated the Williamsport team by a score of 19 to 10.

EASTERN-WESTERN TENNIS PLAYERS SPLIT EVEN

San Francisco, March 21.—Play in the east vs. west tennis competition for women resulted today in one victory and one defeat for the eastern representatives.

In the doubles match Mrs. Ethel Sutton Bruce, of Los Angeles, and Miss Helen Baker, of San Francisco, defeated Mrs. Hazel Hotchkiss Wightman, of Boston, national woman champion, and Miss Eleanor Goss, of New York, ranked No. 2 among women players, 6-4, 4-5, 6-4.

Mrs. Wightman defeated Miss Baker, 6-4, in the second set of a singles match yesterday. She had won the first set, 6-4.

The western players have two victories to date in the series. Mrs. Wightman is scheduled to play Miss Baker and Miss Goss to meet Mrs. Bruce in single matches tomorrow.

ADMIT BROWN UNIVERSITY TO SWIMMING ASSOCIATION

New Haven, Conn., March 21.—Admission of Brown university to the Intercollegiate Swimming Association was announced here yesterday in connection with the intercollegiate swimming meet.

A. J. Wilson, who was captain of the 1913 Yale swimming team, was elected president of the association for the coming year. Joseph Russell, of Pennsylvania, was chosen vice president and Goulding Wight, of Princeton, secretary-treasurer. It was decided that all officers must be graduates of colleges having membership in the association and that one representative of each college in the association would make up the executive committee.

DAVIS CUP COMMITTEE MEET TONIGHT TO OUTLINE PLANS

New York, March 21.—A meeting of the Davis cup committee will be held here tomorrow night to outline plans for the coming year's participation in the play for the international team tennis championship tournament next summer.

Of primary importance at present are the preliminary events in which the United States must compete for the Davis Cup. The draw as announced by Australia puts the team from this country against the repre-

sentatives of South Africa in the first round. According to the Davis cup regulations, the place for holding this match is to be agreed upon between these two nations. The winner will meet the winner of the match between England and Holland for the right to challenge Australia.

In addition the committee will consider the advisability of sending representatives of this country abroad to play in the English championships at Wimbledon in June and will also decide whether the invitation to send a team to Denmark can be accepted. An urgent request has been received from the United States Tennis Association to send a team there this summer.

"COWS WEEK" TO BE REVIVED THIS SUMMER IN ENGLAND

London, March 21.—The famous "Cows week" is to be revived in its entirety this summer, and the Royal Yacht Squadron will hold races on August 3, 4, 5 and 6. The king and queen will be present on board the royal yacht Victoria and Albert.

It may be recalled that the king offered a gold cup for competition at the Cowes regatta, which was abandoned at the eleventh hour owing to the war. This cup will now be offered for a race confined to yachts owned by members of the Royal Yacht Squadron.

"King George intends to race his yacht Britannia during the coming season and the famous boat may be expected to figure prominently in the Cowes regatta, which was necessarily suspended during the war," was the authorized statement made at a meeting of the yacht racing association by Major Philip Hunkle, one of the king's grooms-in-waiting, and his adviser in yachting matters.

BOSTON PLAYERS WIN POSTPONED MATCHES

Boston, March 21.—Two matches postponed from yesterday in the New York-Boston tennis tournament, on the covered courts of the Longwood Cricket Club, were won by Boston players today. A. S. Dabney defeated Leonard Beekman, 6-2, 6-1. Irving C. Wright and H. G. Johnson defeated Leonard Beekman and Dean Mearns, 7-5, 6-1. The standing of the inter-city tournament was matches to 100.

EXHIBITION GAMES.

At Chattanooga, Tenn.—15 15 1 Chattanooga Nationals, 15 15 1 Chattanooga Southern, 15 15 1 Chattanooga Southern, 15 15 1

At Dallas, Texas.—4 11 2 Boston Americans, 4 11 2 New York Nationals, 4 11 2

At New Orleans, La.—4 7 2 Cleveland Americans, 4 7 2 New Orleans Southern, 4 7 2

Coveleski, Morton and Nunamaker, Thomas; Torkelson, Walker and Deberry.

Drafting Eastern League Schedule.

Springfield, Mass., March 21.—The schedule and by-law committee of the Eastern Baseball league met here today to draft the schedule of a scheduled series of games were discussed along with the apportioning of holiday, holiday, Saturday and Sunday days, continued past midnight. President Dan O'Neil presided.

BOWLERS FAIL TO DISTURB LEADERS IN CONGRESS

Peoria, Ill., March 21.—Bowling in the individuals and two-men championships failed to disturb the American Bowling Congress leaders today. Two changes among the ten high men in the individuals and all-events were recorded.

A. Cramble, Chicago, with a 533, went into eighth place in the individuals. H. Stewart of Cincinnati with a count of 1837 for nine games, shot into eighth place in the all-events.

Teams from Chicago, Indianapolis, Milwaukee, Des Moines, Elkhart, Ohio; Muskegon, Mich., and Escanaba, Mich., rolled in the five-men events tonight.

FORMER SPITBALL ARTIST WILL HURL AGAIN THIS SEASON

Meriden, Conn., March 21.—Big Ed Walsh, the real iron Man of baseball, is going to hit the old ball again this season. Last year's disappointment, which came when the American association, gave the spitballer the "big reel" now. He says his arm is in it.

Walsh said that his Bridgeport club was up there at the finish, a well-known fact. He expects it will be strengthened in a few days before the season opens.

"Last year," he said "the Bridgeport club was up there at the finish, a well-known fact. He expects it will be strengthened in a few days before the season opens."

harvested will not keep down the price next summer. We don't know what the abbi will be but you can bet your last nickel that the ice barons will find an excuse to advance the figures.

Another reason for the renewed interest in skating was the international match between Bobby McLean of Chicago, now a skate designer for the Winchester-Repeating Arms Company, and Oskar Mathieson, the pride of Norway, in which Mathieson triumphed. McLean went to Europe much disgraced and figured he had the championship tucked away. McLean has toured Sweden, Switzerland, Germany, England, France and Belgium since meeting Mathieson and is now on the way home.

One more reason why skating has advanced the past season is because of the encouragement it has received from municipalities. Hundreds of cities have turned the city playgrounds into skating rinks by flooding them with water, for instance, flooding 70 playgrounds and 700 other skating spots, so that there were 339 skating places in Chicago alone under municipal control. On all of these places skating races were held under the supervision of a committee appointed by the mayor. The city championship tournament was so big that it required three Saturdays to complete the event. There were 452 skaters in one event.

Bantams Win.

The Baltic Bantams defeated the Putnam Midgits in the first game of their series by the score of 24 to 14. The next game will be played in Baltic. Tonight they meet the Williams mantic Kovars.

A Challenge.

The J. B. Martin Co. of Norwich challenge the J. B. Martin Co. of Taunton for a bowling match. Answer through this paper.

FISHING TIPS

By George E. Case

As the sun begins to get higher and the first of April, Red Letter day in the fisherman's calendar, grows near, a certain irresistible tingling to go to the tackle box and just finger over the old pole steals over the confirmed angler.

It is a time when he just feels like fishing around and dreaming of something that has nothing to do with business, the crowded marts of men and all that. The old germ just gets a hold on you and vaccine serum, anti-toxins or drugs cannot rid your system of them. The patient is doomed to impatiently suffer until the speckled beauties begin to strike.

Then and then only comes relief. Now is the time for all knights of the rod to glance over their fly-books and other equipment. There are only a few weeks left.

April 1 is the day for the grand event of the season. All ye knights of salmon to the little lord of the stream who has attracted many a man from the demoralizing environments of city life and has filled many a book with the beautiful thoughts worked out in the laughing stream while the angler has watched some o.

For as yet to drop from over-hanging alders or to float by on the surface of the water.

The very first little gentlemen to rise to the artificial fly are the redfin. Then any old day as the days lengthen and grow warmer the native speckled or rainbow trout may be seen feeding at the surface.

Watch carefully what species of fly

the trout are feeding on and imitate as nearly as possible to what they are feeding on.

Along the latter part of the month the variety and number increase rapidly. Some of the best flies in April are black gnat, brown gnat, march brown, cowdun, brown drake, grizzly king and yellow salty.

If trout are found to be feeding, a single fly, well cast, near where the trout lies will more likely entice him to rise than any number of flies on one cast.

Few anglers appreciate to what an extent the senses of sight and hearing are developed in most fish. It behooves one to keep out of sight and make as little noise as possible.

Don't forget to put back the little "tellers."

AT THE TRAPS

By PETER P. CARNEY

Thirty-six states and four Canadian Provinces have been granted registration for their championship trapshooting tournaments for 1920. It is likely that the other states will be granted registration within the next few weeks.

The first trapshooting championship in any state will be in Arizona. This one begins on April 9 and from that time until the Grand American Handicap concludes it will be a mighty busy season.

This looks like the biggest trapshooting year in history. The American Trapshooting Association has applications for more than 400 registered tournaments at this time, which is double the number applied for at this time last year.

Sectional Handicaps are on the program, again this year. These handicaps were successful for a number of years and then were discarded. Now they are back. There will also be a handicap event all of the state championship shoots, and it is more than likely there will be a doubles target even in all of the important shooting competitions, too.

THINKS CARPENTIER HAS NO CHANCE WITH DEMPSEY

Most American boxers who have paid a visit to Europe have returned singing the praises of Georges Carpentier. Johnny Griffiths, the Akron

welter weight, who recently returned from a trip abroad, is an exception. Griffiths thinks the noted Frenchman has no chance of beating Jack Dempsey, although he may last several rounds because of his great speed.

Griffiths appears to draw this conclusion from his own experience with French boxers. He met two of them during his trip and he put both to sleep without extending himself. Griffiths did not see Carpentier fight, but he draws the conclusion that all French boxers are overrated.

There is little doubt that few of the French ringmen would be regarded as first class performers in this country. The French as a rule follow the English style of boxing. They would rather be fancy than effective. But from all accounts Carpentier is an exception. Georges obtained his early lessons in the art from Americans and he has continued to copy American methods. According to many good judges Carpentier's style is thorough American. He is said to have discarded English ideas of what is good form in the ring and to have acquired a style that is partly a copy of American methods and partly his own.

SPORTING NOTES.

Catcher Garrity and Pitcher Shaw and Davenport have refused to sign with the Washington club for the salary offered. Davenport is a new comer, having recently been traded by the Browns to the Senators.

Manager Barrow is of the opinion that Tim Hendrix will make good with the Red Sox. The Boston figures that Hendrix lacked seasoning when he pastured with the Yankees, but has since gained experience that will make him a big league star.

The Rockville Athletic Club will hold another of their public open meetings on Friday evening of next week. The meeting will be held in the town hall as the one last week was and it is certain that there will be nearly 1,000 present to witness the entertainment after the game. Boxing exhibitions, wrestling matches and other features will be on the program. This is part of the drive to boost the membership which is well over 300 now.

LET ME SEE WHERE DID SHE GET HER INDEPENDENCE

WHO MADE CUBA FREE?

Along the latter part of the month the variety and number increase rapidly. Some of the best flies in April are black gnat, brown gnat, march brown, cowdun, brown drake, grizzly king and yellow salty.
